Q I am a Local 469 member and travel, am I required to do continual education?

A Members working outside of Local 469 jurisdiction and returning to Local 469 jurisdiction on or after July 1st will have a ninety (90) day period to complete their hours.

Members working outside of Local 469 jurisdiction for 6 months and 1 day or more within a contract year (July 1 – June 30) will be exempt from continual education training for that contract year only.

Q I received external training relevant to the trades. Does that count?

A You need to submit the training information for approval to receive credit for these training hours. You can do this on 469training.com in the Log External Training link.

Q I was late completing my annual training requirement. What happens now?
